Sarcastic Smile

Damn Girl! What you so mad @?!

Why you screaming so loud. Who pissed you off?! You shouldn't have no reason to be mad

Coco

That Beautiful ~~Color~~ Brown skin, those serious hips, lord those lips so sweet and ~~pretti~~ full

Those baby browns batting boldly, lashes long as models are slow

You are definitely all that!

I can listen to your anger, I can witness your pain, I see you through the anguish, just trust yourself & open up again

Let me comfort you girl, lie in these arms baby, put your head in the center of my chest

Hear that heart beating, that's me; Listen, listen, listen girl

~~That's us~~

Hear that, I know you do

Wait! When the 2 beats become one

When they converge, the volume increases, one slows down to meet the other

The only sound in your head is of one beat, one heart, that's us.

Listen, Listen, Listen girl
